

# When the Sun Comes Out And Shines

Music & Lyrics by Moussa Diallo 2018

Intro: Dum dum, dadada, dum dum  
Dum dum, dadada, dum x 2

When the sun comes out and shines  
Remember it's time to smile  
It doesn't cost a dime  
Life is great and fine  
We can all become friends in no time

When the sun comes out and shines  
Remember it's time to smile  
We can laugh and sing  
Hug each other and see  
How wonderful life can be

Bridge: Come take my hand  
Dance around the globe  
Let heaven come down to earth

When the sun comes out and shines  
Remember it's time to smile  
It doesn't cost a dime  
Life is great and fine  
We can all become friends in no time

Bridge: Come take my hand  
Dance around the globe

Let heaven come down to earth

Intro: Dum dum, dadada, dum dum  
Dum dum, dadada, dum x 2

If a cloud hides away the sun  
We can still smile and have a lot of fun  
'Cause it doesn't cost a dime  
Life is great and fine  
Our planet is a magical place

Whistling ...
